\*N/A is shown where no relevant policies were in-force at the specified period.

\*\*This figure represents the bonus declared for 1998 for policies denominated in the European Currency Unit. On 1 January 1999, the European Currency Unit was replaced by the Euro (EUR) on a 1:1 basis.

Past performance should not be seen as a guide to future bonus declarations.

## AVERAGE ANNUALISED BONUS (%)/CPI COMPARISON (%)

	Annualised bonus applied over the most recent ten years	Annualised increase in consumer price index for the most recent ten years ending September 2019
<b>DKK</b>	N/A*	N/A*
<b>EUR</b>	2.77	1.36
<b>NOK</b>	2.34	2.09
<b>GBP</b>	1.65	2.21
<b>SEK</b>	2.19	1.16
<b>CHF</b>	0.05	0.03
<b>USD</b>	1.20	1.75

The above is shown for information purposes. The latest and future annual bonus declarations are not linked to CPI in the relevant currency, and whilst Nordben still applies discretion when determining annual bonus rates, the reduction in volatility of profits due to the described reinsurance actions ([please click here](#)) means that the applicable level of bonus is unlikely to change other than in exceptional circumstances.
